Copyright case: Evox Productions, LLC v. Chrome Data Solutions, LP, USA

Matthew Hersh (Wolters Kluwer Legal & Regulatory) · Saturday, April 8th, 2023

The limitation might have failed in an earlier period, but more recent precedents were more forgiving.

Parties to a photo image license were free to contract for a two-year statute of limitations under California law, the U.S. Court of Appeals for the Ninth Circuit has held. The court, in an unpublished opinion, also affirmed a district court's opinion that the licensee did not commit infringement during the two-year lookback period (*Evox Productions, LLC v. Chrome Data Solutions, LP*, February 10, 2023, Watford, P.).

Case date: 10 February 2023
